

# INNER VISIONS RELATIONSHIP INSTITUTE

*M*any seem to be failing miserably in relationships. It is not because we do not want our relationships to work. In most cases it is because we don't know 'HOW' to make them work. In school we learned history, math, reading and science. In church we learned to sing, pray and have faith. Yet, when it comes to relationships things don't seem to add up; the chemistry often blows up in our faces; we have difficulty reading the signs and as a result we repeat a history of pain, loss and disappointment, losing faith in ourselves and the ability to love and be loved. We know what we want - - now is the time to learn how to be it, do it and have it.

The Inner Visions Relationship Institute is designed to support you in learning and practicing the skills necessary to build, maintain, sustain and to experience - - **Good Lovin'!** If something isn't working, you need tools to fix it. That's what the Relationship Institute offers you - - **SKILLS!** Skills for better communication, better understanding, rapid healing and personal growth in all of your interpersonal relationships. Once you have the skills, you must become proficient at using them. At the Relationship Institute you will learn how to practice what you learn because practice leads to proficiency. Now how do you know if the Relationship Institute will help you? Well here's the test:

*Do you want to know how to listen and be heard?*

*Do you want to understand yourself and others better?*

*Do you want to learn why it is important to forgive yourself and others for common human mistakes?*
